**KUBE - Wheeled Hard Case Travel Cover**

Sun Mountain's newest travel bag, is an exciting new development in travel gear. Sun Mountain used hardy, ballistic style fabric in combination with plastic half-shells. When not in use, the Kube folds down to 23 x 33 x 38 cms for storage.

- Robust hard-case shell which expands into an amazing travel cover
- Easy-glide wheels
- Case has rubberised pull / carry handle
- Heavy-duty, two-way zippers run the full-length of the bag for easy loading
- x2 External & x2 internal compression straps to ensure your bag stays in place
- x2 Internal pockets for documents / clothing / extra equipment
- Along with the plastic shells, dense foam padding through the top of the bag protects clubs
- Ballistic-style nylon fabric for durability, with fabric reinforced in wear areas
- Name & address window
- Folded dimensions 23 x 33 x 38 cms
- Expanded dimensions 132 x 33 x 37 cms
- Weighs 3.08 kilograms

**CUSTOM EMBROIDERY - REPRESENT YOUR CLUB, UNIVERSITY, TEAM OR CORPORATION.**

Sun Mountain have a long history of introducing innovative golf equipment that is as refined in design as it is golf-minded in function. Now imagine having your Company Logo, Golf Club crest or even your name on one of these fantastic bags and travel covers.

This can be a reality with our custom embroidery. With a standard 'set up' and 'stitch count' fee for single logos, tonal logos to match in with the colours of the bags, and the chance to add names and wording for a nominal fee, we feel our custom embroidery service is second to none. Custom embroidery is a fantastic way to advertise corporate or charity events, to personalise your golf bag, or to promote your golf club - Please contact your Brand Fusion agent for further details of our embroidery & screen printing service.

Alongside our custom embroidery service we are now offer personalised scree printing on Golf umbrellas.

SUN MOUNTAIN - GOLF BAGS & CARTS

Rechargeable lithium battery

Built to last

**Ease of use:**

The low-center of gravity and lightweight aluminum frame make the Finn a well-balanced machine. Topping out at 15mph and controlled by a simple thumb-operated throttle and hand-operated lever brakes, if you can ride a bike, you can ride a Finn.

**Stable ride:**

Positioning the golf bag on the centre-line promotes incredible riding comfort, stability and maneuverability.

**Comfort:**

There's suspension at the front and rear, footplates and a big, padded seat to soak up the bumps, making the Finn Scooter a really comfortable ride.

**The motor:**

A 1000W electric motor delivers the power - plenty more than the average buggy, whilst the rechargeable lithium battery is good for 36 holes.

**Turf-friendly:**

Sun Mountain chose asymmetric wheels and tyre sizes to get the performance they needed. The large diameter front wheel rolls over obstacles with ease. The large volume of low psi air smooths the ride and provides tremendous grip in turns and stops. The smaller, wider rear tyre was selected to maximise torque at our desired top speed. The tread pattern is specifically designed to avoid turf damage when turning and under acceleration.
